THOUSAND OAKS SOARING SOCIETY MINUTES OF JULY 26, 1989 REGULAR MEETING No. 7

There were ten members present Eric Hendrickson called the meeting to order at 7:30 PM.

OLD BUSINESS

Eric and Ed reported on the events at the TOSS 1989 F3H International Western Great Race held last July 7, 8 & 9.

Chuck gave a report on the Pasco, Washington NATS.

NEW BUSINESS

Monthly Club trophies were discussed and it was voted upon affirmatively to retain "Pictures Plaques" for November and on.

A reminder that the SCSC contest will be held and hosted by TOSS this coming August 27...

Ed Oldenburg will CD the TOSS monthly contest August 12th as well as the SCSC (SC squared) event.

Eric Hendrickson would like to conduct a "Cross-Country" seminar at Taft, CA this coming November.

A lengthy discussion on Club Lethergy, it's probable causes and possible solutions was held.

Bob DeShields brought his newly completed 1934 SG38 scale model glider for showand-tell. This gorgeous model captured everyone's attention.

The meeting was adjourned at 10:05 pm. No Raffle was held.

Ed Oldenburg

Eric's Blurb

Where are YOU? The summer is almost over and where are our club members? What can the club officers do to get more participation out of everyone. The last meeting had only 8 people there and we had 17 present for our contest in August of which 4-5 were from Santa Clarite. I'd like to know? Give me a call. I want more participation. Along these same lines, we have added a Sportsman Class for our contests with a trophy given to whoever wins first place. It will work like SCSC with Sportsman able to win the whole ball of wax but the Experts can't win in Sportsman. To move up to Expert you have to win Sportsman three times.

i just got home from our August contest and the new format worked well. There was good competition in both Expert and Sportsman. Congratulations to Ralph Morgan for winning Sportsman, getting his time in every round and to Ed Oldenburg for taking Expert by squeaking one point by Joe and 6 points by muself. That's how close the competition was. Ed was the CD and he held 3,5,7 you take your pick and he had a fourth round so you had the option of keeping you first three rounds or scratching one and fluing a fourth. There was some strategy involved and it turned out making the contest extremely close. The other thing I'd like to mention is we (the Officers) changed the entry fees to 5 bucks for one class and 7 bucks if you fly both Expert and Two meter. We have only been giving out first place in Two Meter and I'd like to see more entrants in Two Meter. The whole idea is to fly on contest day so bring out your Two Meters too. The Junior fee is still a buck a contest. By the way there is no need to run off when the contest is over. It seems there is a race to the gate as soon as people are done with the third round. Some of the best flying is after the contest and I know some of us a more than willing to stay and help others. This is when I get some of my best pointers from the guys left standing around.

Ed has an idea of handicapping the Expert flyers for our contests much like bowling does these days and will be working on a system to make it equitable. I think we ought to give it a

Newsletter

Newsletter

try once he has the bugs worked out.

We are also going to designate a particular Day each month as a Fun Fly day at the field. This will be done by the meeting in August if not sooner. We are going to make sure someone is out there to help the new people and it should be a terrific experience for everyone.

I screwed up in the last newsletter saying Art was going to Demo Monokoting at the July meeting. Well it is actually the August meeting and we still have a Yanguard radio for the raffle so COME to the meeting. I have some good ideas for upcoming meetings as well. In September 171 demo a Vision radio. I promise a program of interest at the meetings from here out. As far as the business end is concerned if you have input call an officer and let them know your feelings, because we aren't having long winded business sessions at the meetings anymore.

I won an ACE certificate for 25% off any size order. I have to place the order by 1/90 so if you want anything I'll be bringing the catalog to the club functions the next month or so and we can all enjoy the discount.

We need to get moving on finding a new field, only a couple of people are even asking me questions. We all need to help on this one!

The last thing is I am hosting a X-C seminar/contest in November this year. I'm working on a date and I am shooting for the first weekend. Why should this concern any of you? Well its not just for the big birds, I'm running two classes one of Unlimiteds and the second class will be 120" and less. The Second category is for first timers only with Seturday's course 1.24 miles out and back (LSF IY) and Sunday 6.2 miles out and back (LSF Y). I have gotten great response from some excellent flyers to talk on a variety of subjects. It should have something for everyone and it won't cost more than 10 bucks. Hopefully it will be a success and if so I'll hold it every year. If you want to attend or help out let me know. More to follow next month.

THE 80-AP BOX

I must have reached some of you, with the pitch for fun flyers. I'll probably add to this Soap Box at a later date, but as always, the newsletter rests heavily on my mind and voices from afer floated into my domain today. Why do I talk this way??? Gad!— the voice that floated in was none other than that of Bob Onstad. The voice was actually a letter but I can still hear Bob, waxing eloquent. Bob's letter goes like this.

Dear Chuck et al:

Thanks for another fine newsletter, I do enjoy them all. Your editorial on contest participation by TOSS members has long been a bone of contention by many of the club members. I remember well the ominous proclaimings of Warren Buster, as the club was still in the formative stages, that if a club leans too heavily towards contest, it can be the undoing of that club in the long run. I often thought of his forbodings as I watched the fun flying aspect by TOSS members ever dwindling. I found this especially true in my own case, as I became more and more interested and involved in contest flying. I did less and less fun flying, and when I did it was a means to an end, that being to sharpen my contest skills. Anyone who spent any time at all on "the hill" or at the many school grounds or the soccer field or Wildwood is kidding himself if he doesn't recall the shear unpressured enjoument of those times. But we all know that the main thrust of club fluing has turned away from care free flying. Not that I don't enjoy and relish contest flying, as you do too, Chuck, but you are absolutely right in calling for some introspection of the clubs learnings and direction.

I also thoroughly enjoyed Eric's report on the Taft X/C race, as I had been wondering how it all went. First one I have missed and one of the few things I have missed by not being there.

As for my own flying, it has been completely for fun and most certainly solo, as I have yet to find or create any interest in any of the locals as yet. — Your friend Bob

Bob also tells about homing his bass fishing skills.

As you can probably tell Bob is still very much interested in TOSS. There must be a way for the hot shoes to help out at the off contest days. The trouble with contests are, for every weekend a contest takes away eight to ten of the serious types that are the best qualified to train or give a bit of advice on thermaling, landing, belancing, etc. After a while the flying field or hill or school yard or where ever the fun flyers are flying, don't need TOSS any more. In-fact the only reason for TOSS in the first place is for a good time and a little help. If we aren't a good time, then we aren't a club. There! Smoke that for awhile.

The monthly contest was well attended. The new sportsman class had seven contestants, score one for our side. Thanks guys. When you look at the contest scores don't panic. Ed and Joe didn't tie for first place, Ed took it by a point (when Ed can find his time he's a hard man to beat.) After you normalize the scores and round off to the nearest whole number, the scores come out the same. At flyer of the year time, I'll make sure that it all gets straightened out.

Thanks to the SCSA bunch that came down for our sportsman class.

DON'T FORGET SC SQUARED ON AUG. THE 27 th.

Ya'll have fun now ya hear!

Chuck
