## **Minutes of the Meeting Held 9/28/2015**

*In attendance: Bob Swet, Steve Miele, Gary Filice, Craig Borstelman, Martin Usher, Don Northern, Mike Stern, John Ellias, David Swain,*

### **Treasury Report:**

**New Field,** flight site name discussion: Update on the general plan is at the NOTICE OF DEVELOPMENT stage where signs will be posted to that effect. As for the possibility of name for the field, the idea was brought up of naming the site BERTRAM FIELD in honor of Bill Bertram, for the work and personal time he gave to TOSS leading to the acquisition of a new flying site.

**New 5 foot length landing tapes** have been made up by Don Northern. These tapes are just like the ones that were used at the 2015 Fall Soaring Festival in Visalia. The next club contest (November 8th) will feature these tapes according to the notice that was kindly

prepared by Bob Swet.

**Holiday party discussion:** Do you want a holiday party this year? Michael D's was brought up as a possible place for a party. Gary Filice and Bob Swet will scope out a couple of places. As for a date, let's look at the first two weekends of December (5<sup>th</sup> or 12<sup>th</sup>) as the dates we would like to get. (35-40 people).

**Battery give-away** from Steve Miele included a number of 12 volt batteries of the sealed lead acid type. Great for field charging your models and or radios when you find you need a quickie! They also work in the Verizon FIOS VOIP box (some of the Verizon batteries are near or at their life expectancy).

**We had a plane in the tree mishap** last Sunday, the owner claimed the tree he climbed to retrieve the plane was over 500' high! Please be careful folks!!
